The International Conference for Training and Organizational Development TOD'26

TOD'26
International Conference for Training and Organizational Development

Dr. Ibrahim Wahied Ibrahim Mohammed is a Full-time Lecturer at the College of International Transportation and Logistics (English Section), Arab Academy for Science, Technology and Maritime Transport (AASTMT), where he has served since 2014.

He holded the position of Acting Head of the Logistics and Supply Chain Department, a role he has undertaken since 2022. Dr. Ibrahim earned his PhD in Managerial and Commercial Sciences from Sadat City University in 2022, for which he received the Medal of Honor from the AAST President. He holds an MSc in Investment from the Arab Academy for Science, Technology and Maritime Transport (2015), where he graduated first in his class with an excellent grade.

With over 17 years of experience in education, training, and consultancy, Dr. Ibrahim has established himself as a versatile academic and industry professional. He serves as Head of the Career Development Center at AAST-Port Said and is a FIATA Certified Trainer. His consultancy portfolio includes serving as a Business Development Consultant and Trainer for a group of local and international entities (Public and Private), He is also a Reviewer for the Asian Journal of Economics, Business and Accounting, where he received a Certificate of Appreciation for outstanding contribution to journal quality in 2024.

Dr. Ibrahim has been an active contributor to a group of conferences and a publisher of a course of topics in different journals, addressing topics ranging from digitalization in ports to artificial intelligence implementation in maritime operations, new trends in management and supply chain management. His research interests span logistics information systems, green supply chain management, technical analysis in investment decision-making, and the application of emerging technologies in business operations. His commitment to excellence has been recognized through multiple awards, including valedictorian medals for both his MSc and BSc degrees, and the Top 3 Startups Medal from AAST in 2017.
