

# Training and Organizational Development Conference **TOD'25**

The Impact of  
**Artificial Intelligence**  
on the Future of the Human Workforce

**Eng. Mayur Ramgir**  
Principal Instructor, LSET Academic Department,  
London School of Emerging Technology.

Mayur Ramgir is a global technology leader specialising in artificial intelligence, machine learning and cybersecurity, with a strong focus on emerging technologies and real-world impact. He serves as a principal faculty member at the London School of Emerging Technology (LSET), where he drives outcome-driven training programmes and workplace-ready curricula in AI & cyber-security.

An accomplished author, Mayur has written multiple volumes for leading academic and technical publishers, including Wiley, Pearson and Packt, covering software engineering, innovation leadership and security-driven architectures. He also serves as reviewer and associate editor on several international journals in AI, IoT and cybersecurity research.

With a rare combination of hands-on technical depth and strategic insight, Mayur works at the intersection of high-performance computing, secure systems and talent development. His mission: to empower organisations and individuals to navigate the AI-era confidently, resilient, adaptable and ethically anchored.

"Building Today's Talent, Achieving Tomorrow's Excellence "

03-04 **DECEMBER 2025**
