

Training and Organizational Development Conference **TOD'25**

The Impact of
Artificial Intelligence
on the Future of the Human Workforce

Prof. Syed Waqar Hasan zaidi
Deputy Vice-Chancellor Services and Strategic Development
Netherlands Maritime University College (NMUC) Malaysia

Prof. Syed Waqar Hasan Zaidi is the Deputy Vice Chancellor Services and Strategic Development at Netherlands Maritime University College. He is an HRDCorp accredited trainer who is passionate about improving organizational efficiencies and accelerating business growth by helping organizations to develop their internal capabilities. Prof. Syed earned his Master in Business Administration from Charles Sturt University (Australia). He is currently undertaking his Doctorate degree with main focus on the business sustainability and resilience. He is a Certified Professional Manager by Association of Certified Professional Managers, UK and a Chartered Member of Chartered Institute of Logistics & Transport, UK. In 2012, Syed Waqar received a Certificate of Commendation from the Prime Minister of Malaysia, Dato' Sri Haji Mohammad Najib Bin Tun Haji Abdul Razak for his notable contribution in the Malaysian Economy Transformation Plan under the City & Corridor Education Lab for the Iskandar Malaysia.

As a Deputy Vice Chancellor of the Netherlands Maritime University College, he plays a critical role in shaping the institution's strategic direction, operational excellence, and academic reputation. He drives strategic partnerships with industry, government agencies, and international institutions to elevate the University's global footprint. Prof. Syed is also the Chairman of the International Conference on Maritime Logistics and Ports – Malaysia.

Prof. Syed is a dynamic and results-driven professional with over 20 years of experience in organizational development and strategic alignment across diverse industries. Renowned for helping organizations adapt, thrive, and lead in times of change, he delivers strategic insights with actionable tools that empower leaders and teams to drive sustainable growth. He is able to guide SMEs to develop operational and financial resilience and help companies to align their strategic business goals and objectives to improve their performance and productivity.
